# WHY ALL AMERICANS MUST STAND WITH TRUMP AND VOTE AGAINST DEMOCRATS IN NOVEMBER!

Most Democratic voters are not radical socialists. But politicians using the Democratic name have become radical socialists dedicated to turning America into China. Here's some of the ways they don't represent your values anymore.

### **REASON #1**

Democrat politicians believe we should have no borders and that illegal aliens should be granted full U.S. citizenship and voting rights. **The truth is** that Democrat politicians opened the border to bring in tens of millions of unscreened illegal immigrants who will vote Democrat and may have no respect for our Constitution and rights.

### **REASON #2**

Democrat politicians believe gas prices should be higher to force people into buying electric cars, and will force everyone to drive an EV. **The truth is** that Democrat politicians are working to end America's freedom of mobility; to drive anywhere you want in your gas car. Why? EV use will be rationed and tracked by the government.

### **REASON #3**

Democrat politicians believe unlimited welfare state spending doesn't cause the massive inflation that's hurting all American families. **The truth is** that Democrat politicians want you to be dependent on government 'benefits' so you'll vote for more, and vote against anyone who would cut the handouts.

### **REASON #4**

Democrat politicians believe in the extreme position that abortion should be legal and unlimited right up to the moment of birth. **The truth is** life begins at conception, but Democrat politicians refuse even the most mild limits—and profit from donations from abortionists.

### **REASON #5**

Democrat politicians say that to stop crime that all firearms should be banned and confiscated from law-abiding Americans. **The truth is** armed citizens deter crime and disarmed families end up dead. Criminals never turn in their guns.

## **REASON #6**

Democrat politicians believe the courts and justice system should be used against their political enemies. **The truth is** lawfare is destroying our system of justice for everyone. Political prosecutors and courts with political juries will bring Chinese-type 'kangaroo courts' even to your city.

## **REASON #7**

Democrat politicians believe school boards and politicians, not parents, should control our children. **The truth is** public schools are teaching kids to be anti-American socialists and hate their parents, race and gender. We must regain control of our local schools.

## **REASON #8**

Democrat politicians believe men can be women and women can be men, and your children must be so indoctrinated. **The truth is** our children are being mutilated and mentally tortured. They are being taught to hate their bodies, and once the imposed dream wears off, they are tortured again by being unable to reverse the damage.

### **REASON #9**

Democrat politicians believe America should support Ukraine without end. **The truth is** the Biden family made millions from the corrupt Ukrainian government, invited the war and refused to settle it on good terms. President Trump plans to end the war in 24 hours.

### **REASON #10**

Democrat politicians believe America should force Israel to surrender its war on Hamas. **The truth is** Biden is on the side of the Hamas terrorists and Iran, and is trying to overthrow Netanyahu during the war. The only democracy in the Middle East must be allowed to win the war.

### **REASON #11**

Democrat politicians believe Communist China is peaceful and we should accommodate their goals. **The truth is** that the Biden family and disloyal corporations enriched themselves from Chinese trade. They see China's controlled society as their goal and turn a blind eye to China's industrial piracy and war plans.

## **REASON #12**

Democrat politicians believe our enemies want to be our friends and can be appeased; and we don't need a strong defense. **The truth is** Presidents Reagan and Trump were called 'warmongers' by the Democrats, but actually brought peace and freedom around the world, while the appeasement by Obama and Biden brought war and tyranny.

## **REASON #13**

Democrat politicians believe people must be allowed to vote without an ID card, and believe Democrat voters are incapable of getting an ID. **The truth is** Democrat politicians rely on voter fraud to win, and allowing voting without an ID is a broad invitation for fraud.

## **REASON #14**

Democrat politicians believe the answer to crime is to defund the police and go easy on criminals. **The truth is** Democrat politicians made our cities into battlegrounds by defunding police and refusing to prosecute criminals. The victims are mostly the poor and minorities.

## **REASON #15**

Democrat politicians believe speech should be controlled and regulated to prevent hatred. **The truth is** Democrat politicians use censorship to silence their opposition, just like in dictatorships. The First Amendment must be preserved or we will be effectively enslaved.

## **REASON #16**

Democrat politicians believe America is an evil country founded on racism. **The truth is** that's a lie so they can brand our Constitution as irreparably racist and therefore must be trashed and replaced with a document that eliminates our rights..
